2018	*2021*	*2022*	*Present*

EXPERIENCE

Kamerycah Inc.   **Torrance, CA**

Graphic & Web Designer   *May 2023 - Present*

- Designed and developed various web assets, including websites, posters, postcards, pamphlets, newsletters, and email campaigns, using Illustrator, Photoshop, Indesign, and Brevo.
- Achieved significant sales growth, increasing sales by 200% for a key distributor and 300% for a targeted market through strategic design initiatives.
- Produced compelling TV ads, YouTube videos, and commercials utilizing Adobe Premiere Pro and executed 3D graphic design projects using Adobe After Effects.
- Led web development efforts for the Korean mainland market website, leveraging PHP, JavaScript, HTML, CSS, WordPress, and Unbounce to enhance online presence and user experience.

Well Data System (dba. NCloud 24)   **Pangyo, South Korea**

Software Developer   *Nov 2021 - Feb 2022*

- Spearheaded web development projects using PHP, HTML, JavaScript, CSS, Ajax, JSON, and MySQL to create dynamic and responsive web applications.
- Developed a comprehensive customer management system, resulting in a remarkable 99% reduction in duplicated data and streamlining operational efficiency.

Sweet People Apparel (dba. Miss Me)   **Los Angeles, CA**

Assistant Fashion Designer   *Nov 2021 - Feb 2022*

- Contributed to the design process for women's wear brands MissMe, Dance, and Marvel, utilizing Adobe Illustrator to create captivating and trendsetting designs.
- Played a key role in technical design and quality control efforts, improving quality assurance measures by 150%.
- Managed sample orders and confirmed fabric samples, ensuring timely delivery and maintaining product integrity.
